

## **Cookie Policy**

### **1. What are cookies?**

Cookies are small text files stored on your device when you visit a website. They are widely used to make websites work efficiently and to provide information to the website owners about user interactions. Cookies do not typically contain personal information unless voluntarily provided.

### **2. Types of cookies we use:**

- **Necessary cookies:** Essential for the website to function correctly. These cookies enable basic features such as page navigation and access to secure areas. Without them, the website may not work properly.
- **Analytical cookies:** Used to collect information about website traffic and usage through Google Analytics 4. This helps us understand how visitors interact with the website and improve user experience.

### **3. Cookie duration:**

Necessary cookies are typically session-based or last for a limited time. Analytical cookies may persist for a longer period to track user interactions over time.

### **4. Managing cookies:**

You can control and disable cookies through your browser settings. Most browsers allow you to delete existing cookies, block all cookies, or receive a warning before a cookie is stored. Please note that disabling necessary cookies may affect the functionality of the website.
